

WEBINAR

30 October 2025 | 10:00 - 12:00 EET

# Vetting Inspection Awareness

## RIDING THE WAVES WITH SIRE 2.0

10.00 - 10.50	<b>Why SIRE 2.0?</b> INTERTANKO
10.50 - 11.00	Break
11.00 - 11.50	<b>Practical tips &amp; 'lessons learned' from inspections</b> Tsakos Group of Companies
11.50 - 12.00	Q&A

Addressed to crew officers (deck & engine) and office personnel of HELMEPA Member companies

Level of knowledge

 **Beginner to Intermediate**

Participants will receive a HELMEPA Academy Certificate of Attendance

## WEBINAR OUTLINE | LEARNING OBJECTIVES

### Why SIRE 2.0?

Upon completion of the session, the participants will be able to:

- Understand the Vetting Process
- Recognise the need of collaboration of INTERTANKO and OCIMF in various joint initiatives and SIRE 2.0
- Understand the Continuous Improvement drive through engagement with Stakeholders
- Data Collection and Benchmarking under SIRE 2.0
- Recognise INTERTANKO initiatives

### Practical Tips & Lessons Learned from Inspections

Upon completion of the session, the participants will be able to:

- Understand the key differences between the traditional SIRE programme and SIRE 2.0, including the enhanced focus on the Human Element and Performance Influencing Factors (PIFs).
- Recognize how inspectors plan, conduct, and evaluate inspections — and identify behaviours that demonstrate effective communication, preparedness, and professionalism.
- Identify the most common inspection findings and analyse trends across hardware, process, and human categories based on recent industry data.
- Apply the “Immediate – Root – Corrective – Preventive” structure to formulate clear, evidence-based and SMS-aligned responses to observations.
- Implement practical onboard measures to enhance inspection readiness, documentation accuracy, and teamwork before and during vetting or PSC inspections.
- Promote a positive safety and learning culture, ensuring constructive debriefs and continuous improvement rather than blame.
