**Beginner to
Intermediate**

Participants will receive a HELMEPA Academy Certificate of Attendance

WEBINAR OUTLINE | LEARNING OBJECTIVES

By the end of this session, participants will be able to:

- Understand the regulatory framework and cargo classification principles governing the safe carriage of dry bulk commodities.
- Identify high-risk cargo conditions and warning signs that may lead to liquefaction, fire, toxicity, corrosion or structural damage.
- Apply practical controls and monitoring measures to reduce operational risk and prevent losses during loading and voyage.
- Draw lessons from actual case studies of cargo hazards and handling practices to support safer decision-making on board.
